THE ANTI-WHOREHOUSE T-SHIRT

Want to send a powerful - yet discrete - message to Islamofascists? Or a message of encouragement to moderate Moslems who oppose them? Wear our Anti-Islamofascist T-Shirt. Although we don't label it as such - it's officially called *The Anti-Whorehouse T-Shirt*.

The greatest insanity of Radical Islam is its adherents blowing themselves up to slaughter "infidels" as a ticket to Moslem heaven, where they believe, six dozen eternally virginal whores await to satisfy their every desire.

It's difficult to imagine a more blasphemous insult to God than to claim He will reward you in Heaven for mass murder. Such a god would be an evil monster to be condemned as criminally deranged as the suicide bombers, not a merciful loving deity worthy of worship.

That's why such suicidal maniacs may claim to be devout Moslems, but they actually worship Satan, not Allah.

So the message needs to be broadcast: Allah is not a pimp for murderers and doesn't run a whorehouse in heaven.

Yet you'll note that our t-shirt says nothing - *nothing* - about Islam or Moslems. Who could object to its message? Someone who thinks heaven *is* a whorehouse? Someone who condemns it as "anti-Islam"? But how can it be anti-Islam when there's no mention of Islam at all?

So here it is. There's an order link in the right side bar. Order one today and wear it proudly - get one for your friends. The belief that heaven is a whorehouse for murderers is what sustains Islamofascism. Do your part in denouncing this evil conviction.
