HALF-FULL REPORT 07/14/17

We've gone from the sublime last week to the ridiculous this. Might as well start with the most fun you can have in a minute and a half. Put up on YouTube ereyesterday (7/12).

Fun aside, most of us wish this could happen for real to the scumbags of Fake News – that the headquarters of the New York Times and Time-Warner-CNN in New York and the WaPo in DC could look like Mosul does today with what it took to defeat ISIS:

Fantasy aside, the Twitter hashtag #CNNisISIS is very popular. As is #CNNBlackmail. Hardly anyone tells pollsters they trust the media anymore. It's comforting to see the entire Fake News

propaganda machine of NYT-WaPo-CNN-ABC-NBC-CBS-TIME lose more credibility by the day.

Nonetheless, we should be clearly aware they are calling their plays from Hitler's playbook. Before our eyes we see how Germans became Nazis in the 30s, as we see left-leaning Americans become a Nazi Left with Whites as the New Jews.

We see how the Fake News Media is following Hitler's instructions in *Mein Kampf* (vol. 1, ch. 10) on how to employ the *Big Lie*:

> "In the big lie there is always a certain force of credibility, because the broad masses of a nation are always more easily corrupted in the deeper strata of their emotional nature than consciously or voluntarily… It would never come into their heads to fabricate colossal untruths, and they would not believe that others could have the impudence to distort the truth so infamously.
>
> Even though the facts which prove this to be so may be brought clearly to their minds, they will still doubt and waver and will continue to think that there may be some other explanation. For the grossly impudent lie always leaves traces behind it, even after it has been nailed down, a fact which is known to all expert liars in this world and to all who conspire together in the art of lying."

It is certainly known to the expert liars of the Fake News Media – which is why they incessantly hammer us with their Big Lie of Trump-Russia Collusion no matter how non-existent is the evidence.

It is these key words of Hitler's that explain the Fake News political agenda: *"For the grossly impudent lie always leaves traces behind it, even after it has been nailed down."*

That agenda is to delegitimize and discredit the presidency of Donald Trump. They are engaging in treason, not journalism. They are practicing purposeful fraud upon their customers by pretending to purvey truthful news. At the very least they should be prosecuted and imprisoned for willfully malicious libel.

It's often very difficult to describe something truly insane – to wrap your brain around real lunatic thinking. So it is with this week's iteration of the FMN's Trump-Russia Collusion Myth involving Donald Trump Jr. You couldn't imagine a bigger so-what? nothingburger if you tried.

Michael Goodwin in the NYPost summed it up (7/11): Why the Latest Russia Story Is Just Another Trump Witch Hunt.

DJTJr get snookered into a meeting with a woman being paid by the Russian Mafia to talk about repealing the 2012 Magnitsky Act that sanctions Russian officials and Mafiosi involved in the 2009 prison murder of Sergei Magnitsky – on the pretense she had info compromising Hillary Clinton.

A few minutes of her babbling convinced DJTJr she had no info whatever, she then launched into her Magnitsky repeal pitch, DJTJr realized this was a con, and the meeting was over – it lasted less than 20 minutes. That's it.

And on *that*, little Timmy Kaine, Hillary's VP running mate, says Trump committed *treason*. On that, CNN claims it confirms their Collusion Big Lie and can talk about nothing else 24/7. On that, TIME Mag puts DJTJr on its cover this week and calls him "Red-Handed."

The most dishearteningly instructive part of this is how the Russian Collusion Big Lie has roped in Pubs and conservative pundits. This 100% Pure Nothingburger has got Paul Ryan calling for DJTJr to testify to Congress (7/13).

Even my friend Quinn Hilyear, a formerly solid sane conservative, has been driven so bat crazy by the Big Lie he's calling for Trump to resign. I pray that Quinn's insanity is temporary.

Hitler's Big Lie – that the Jews were responsible for Germany losing World War I and all its subsequent problems – worked on the Germans. Will the Fake News Media's Big Lie work on Americans?

It's up to Trump supporters to prevent it. After all, they are a clear majority of voters – once you deduct all the illegal aliens voting in California.

The real story behind the DJTJr "scandal" has nothing to do with him – it's that the Russian Mafia paid Loretta Lynch to let the Russian woman, Natalia Veselnitskaya, into the country without a visa – using a Communist former Congressman, Ron Dellums, as a go-between.

The Hill reported (7/12) that it was Dellums – who needs to go to jail as he was a highly paid foreign agent without registering as required by law. Note also The Hill story verifies that DJTJr's account of his meeting is correct.

As The Hill reported yesterday (7/13), Trump Jr Pitch Was Part of Broad Russian Effort. It was all about getting the Magnitsky Act repealed. Read the two links above about the Act and Sergei himself – it will all be clear. I know the principal guy involved, Bill Browder.

The accounts in both links are true. It's the Fake News twisting the real story into a grotesquerie about Trump Collusion that's part of their Big Lie.

Of course, there is a *real* Russia Collusion story – which the IBD described yesterday (7/13): Democrats' Real, Pervasive Collusion With Russia Somehow Lost In Media's Hysterical Anti-Trump Campaign. It details that:

*Hillary had DNC operatives go to Ukraine for damaging info on Trump

*Bill Clinton was paid $500,000 by Russian intelligence (via a proxy) to give a speech in Moscow when Hillary was SecState.

*Hillary as SecState approved the sale of 20% of US uranium deposits to a Russian company donating millions to the Clinton Foundation.

*John Podesta was given 75,000 shares of stock in a Russian-owned company which he never disclosed.

That's not all, there's more. The IBD concludes:

> "The fact is, the Democratic Party and their allies on the left are up to their necks in real, actual, demonstrable and irrefutable collusion with the Russians and their dictatorial former-KGB leader, Vladimir Putin.
>
> With a few notable exceptions, the mainstream media have all but ignored this, in favor of hyperventilating over a nothingburger meeting between Donald Trump Jr. and a Russian lawyer who was, by the way, allowed into the U.S. on a special visa by none other than Attorney General Loretta Lynch."

Are we ready for a good time now?

The two dumbest Senators in the entire US Senate – and we're talking real room temperature IQ dumb-as-a-rock here, for this is a very low bar – are the Dim Dems from Washington, Patty Murray and Maria Cantwell.

We'll leave Patty for another day, but on Tuesday (7/11) Maria immortalized her reputation on the Floor of the Senate, giving a speech denouncing what she called the Republicans' "War on Medicaid." She placed a prop on an easel for all the world to see on C-SPAN. Here it is:

It was on display for two minutes while she droned on about Republican heartlessness. She never noticed. She never heard her Pub colleagues stifling their belly laughs.

Cantwell will now be forever known as SENATOR CANTSPELL. Schadenfreudelicious.

The worst, most despicably disgusting mayor in America is New York City's Bill de Blasio. He's known as "Bolshevik Bill" because he's a Communist – no hyperbole, he really is.

Just past midnight last week Wednesday (7/05), a lady New York City police office, Miosotis Familia, was sitting in her squad car doing police paperwork when a cop-hating ex-con ran up and shot her dead in cold blood simply because he wanted to kill a cop.

She was beloved by her fellow officers, the entire NYPD was in shock, the city stunned, and instead of consoling them, visiting the Familia family, or doing anything at all, what does Bolshevik Bill do?

Race off to Hamburg to join the Antifa thug protestors rampaging with mass violence against the G20 meeting and Donald Trump. Yes, he's a Commie to the core. The New York Post responded with one of the greatest covers in its illustrious history:

On Tuesday (7/11) at a church in the Bronx, thousands of New Yorkers attended the funeral of Officer Miosotis Familia and to mourn her death. When Bolshevik Bill gave his eulogy, the huge contingent of New York's Finest turned their backs on him. As he deserved.

Metrosexual Cutie Pie Pajama Boy Justin Trudeau is really embarrassing Canada. One week ago (7/07), the Canadian Prime Minister gave Moslem terrorist Omar Khadr who murdered a US soldier and blinded another $8 million and an apology.

The soldier Khadr blinded says Trudeau is guilty of treason and he is right.

As an encore to this spectacle, Trudeau announced Tuesday (7/11), the he would be giving C$20 million of Canadian taxpayer money to the Clinton Foundation. The link is to the Toronto Sun denouncing this, because among other reasons:

> "The (Clinton) foundation was at the heart of the cash-for-access scandal that dogged Hillary during her failed bid for the U.S. presidency. While Hillary was Secretary of State, the Clinton foundation received millions from rich and powerful donors, including foreign governments – many of whom were seeking favorable decisions from the U.S. State Department."

Just so. By the way – when do you think Jeff Sessions' Justice Department will get around to prosecuting the Clinton Foundation money laundering scam? Hundreds of millions in foreign pay-for-play money was donated to its branch set in Canada as there donors can be kept secret. Then Clinton Foundation Canada donates those millions to Clinton Foundation US with no record of the donors.

Further, 92% of those donations were for "administrative costs" – over the top lavish travel and personal spending of the Clintons. They are the epitome of colossal corruption. They belong in jail.

So a reminder – any time you get in a rage of frustration over what is going on with Trump, the Pubs, the Fake News, et al, take a moment to calmly reflect how unimaginably awful by comparison it would be if these two awful evil people were in the White House instead of Donald and Melania.

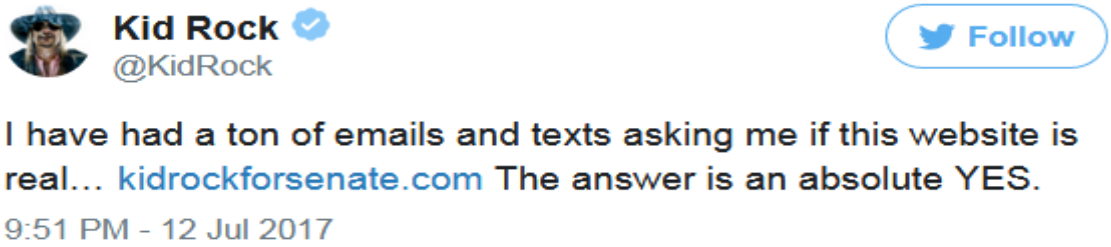
Someone who has reflected on this is mega rock star Kid Rock. On Wednesday, he announced he was running for the US Senate:



If this is true – he's promised to file the formal papers within days – this is a Very Big Deal. He's a native of Michigan, lives in a Detroit suburb, has deep ties to the state, and supports a number of state charities. He would be running against a Democrat who competes with the two Dim Dems in Washington in the brainless/witless department, Debbie Stabenow.

He would obliterate her in 2018. Kid Rock is the essence of cool for the young. He's foul-mouthed rebellious against political correctness; despises the Left; loves guns, God, America and Donald Trump – and he's a fabulous hard core rock and roll entertainer.

Put that combo in the last paragraph together and let it steep in your brain for a moment. Kid Rock epitomizes the "alt-right" rebellion of the young that TTPer Joe Katzman never tires of mentioning (thank heavens) in the Forum.

Imagine Kid Rock *in the Senate*. It will never be the same. Mitch McConnell will go into cardiac arrest. Michigan will never be the same. It will be TrumpLand – and Detroit will have a future

again.

Imagine Kid Rock and Trump campaigning together in 2020. Millennial voters will go ballistic. It'll be the greatest rock show campaign our planet has ever seen. Old Fauxcahontas Warren or whoever else the Dems put up won't have a chance.

Kid Rock is the HFR Hero of the Week. And now, you can enjoy seeing why. This man is awesomely cool. He will castrate the Left:

We close with another example of awesomely cool – the classiest, most elegant, most beautiful woman in the world.

She is of course, the First Lady of the United States, Melania Trump.

Describing her as "impeccably polished" in Paris yesterday (7/13), the London Daily Mail almost cruelly compared her to France's First Lady Brigitte Macron:

But in reality, there is no one to compare her to. So this week, be bottomlessly grateful that we have in the White House, this First Lady – and her husband, the President of the United States Donald Trump.
